SUMMARY

Software Developer with experience in building and maintaining web and mobile applications. Proficient in React Native, PHP, Laravel, JavaScript and recently Java. Led fintech API integrations and managed cross-platform systems used by over 500 users. Improved app load speed by 30% and maintained 99% uptime on client platforms. Experienced in backend management, database handling, and frontend development. Collaborated with designers to turn interface mockups into functional apps. Focused on clean code, system reliability and user-centered solutions. Currently expanding my skill set by leaning Java.

TECHNICAL SKILLS

- **Frontend & Mobile Development:** React Native, React.js, HTML5, CSS3, JavaScript, Java
- **Backend Development:** PHP, Laravel Framework
- **Database Management:** MySQL, PostgreSQL, Oracle
- **Version Control & Deployment:** Git, GitHub, CI/CD (GitHub Actions, Jenkins)
- **API Integration & Testing:** RESTful APIs, Postman, Swagger

SKILLS

- Mobile App Development (Android & iOS)
- **Project Coordination**
- **Cross-Functional Collaboration**
- **Technical Documentation**
- MySQL / PostgreSQL / Oracle
- API Integration (Fintech, RESTful APIs)
- Server & Database Management
- UI/UX Collaboration (Figma)
- Software Debugging & Maintenance
- Version Control (Git/GitHub)
- Technical Documentation
- IT Training & User Support

EXPERIENCE

Technical and System Administrator / PHIXOTECH GLOBAL SOLUTION

05/2023 - Current

- Led backend integration projects with **Nigerian Fintech and banking APIs**, enabling secure and efficient transaction processing.
- Managed internal **hospital and church management applications**, ensuring 99% system uptime and functionality.
- Oversaw **server administration** and security protocols to protect sensitive data and prevent breaches.
- Upgraded software tools and libraries in compliance with latest technology standards and user requirements.
- Generated technical documentation for system architecture, integrations, and support procedures.

Computer Programmer/Mobile App Development/Lead Developer / PHIXOTECH GLOBAL SOLUTION - Ikate Elegushi Lekki Peninsula, Nigeria

10/2022 - Current

- Spearheaded the development of the **IGOEPP mobile app** on both Android and iOS platforms using **React Native**, improving cross-platform functionality.
- Integrated **API services** and third-party tools, ensuring seamless user experience and enhanced app performance.
- Collaborated with UI/UX designers using **Figma** to translate prototypes into fully functional mobile interfaces.
- Optimized application performance through code refactoring, reducing load times by 30%.

- Conducted regular debugging, updates, and **version control** to maintain stable app deployment.

Maintenance Engineer and IT Instructor / THE WEALTHY PLACE ACADEMY - Amuwo Odofin Festac town, Nigeria
04/2023 - 10/2024

- Taught **foundational and advanced programming** concepts to students, fostering hands-on coding skills using HTML, CSS, and JavaScript.
- Developed and deployed a **customized school management system** for handling result computation, online exams, and fee payments.
- Conducted regular **IT training workshops** for teachers and admin staff to boost digital literacy and promote tech adoption.
- Managed the school's IT infrastructure, ensuring smooth daily operations and network uptime.
- Implemented data backup strategies and cybersecurity practices to safeguard school records and digital assets.

EDUCATION AND TRAINING

B.Sc.: Computer Science 09/2022

Chukwuemeka Odumegwu Ojukwu University - Anambra, Nigeria

CERTIFICATIONS

- Eagle Institute of Information Technology _ Certificate in Data Processing and Graphics Presentation.
- Basic Certificate in Human Resource.
